**To all Tigrians residing in Santa Clara County**

As many of you know three major attempts were made to establish Tigray community in the Bay Area. Oakland had the longest surviving Tigray community center. It is closed now. Our community is in disarray. The need to establish Tigray community is more urgent than ever before. It is with this concern that few amongst us have started the drive to establish Tigray community center in San Jose/Santa Clara County. It is our hope that you see the need and join us in a general meeting to discuss and establish Tigray community center in our County.
