

Call For Peace and Justice

'Peace is the presence of justice
not the mere absence of war'
Its offering compassion
to the nearest and far

It is not which belongs to who
or who belongs to where
it is a duty to human life
and a 'burden' to care
It's a fight to power greed and
A spirit to share

it's a condemnation to violence
Acknowledgment to tolerance
clearing lawlessness and disorder
or anything that is hindrance

Now Now!

Stop the attack of citizens
for the ethnicity, they were borne
to have dignity was what they fought for
with their blood, flesh and bone

justice is not belittling nations
or being a bully and rude
its to foster togetherness
harmony and sisterhood,
development and democracy
for the country's common good

Doesn't matter

how many millions belong
to who or which
If inciting hatred and bigotry is
what you advocate and teach
must prepare for the consequence
the reaction to your preach

It's not fair to hostage
hundred million for experiment
for sheer love to power and fame
or an ambition for Self-aggrandisement

Remember

The land we are squabbling for
does not belong to us anyway
its borrowed from our children
Eventually to give away

if we love those kids that trusted
and lent us this land
our legacy need to be peace
Tolerance is what we stand

There is a lot to lose otherwise
And so much would be at stake
Must stop this madness now
for unity and peace sake

Peace is essence for stability
leaders must possess and bring
strategic vision with humbleness
not just a power to cling

As Martin Luther King said

'Injustice anywhere
Is a threat to justice
everywhere'
If you understand this message
Show restraint and care
