

## Wanted Urgently: Marchers against HR 2003

Engineer Ghirma

October 31, 2007

The time has arrived for Ethiopians on the home front to march peacefully, at least five million strong against CUD and its vocal supporters in the Diaspora, who are working tirelessly and viciously against Ethiopia's National Security in the form of HR 2003.

Two million marchers can be easily mobilized in Addis Abeba alone. Another three million can be mobilized in various cities throughout Ethiopia; including: Dessie, Harar, Bahir Dar, Mekele, Gonder, Debre Marcos, Dire Dawa, Jimma, Axum, Adama, Jijiga, Adwa, Awasa, Debre Berhan, Adi Grat and many other cities, suburbs and farming communities. Such mass peaceful show of force by Ethiopians will send a strong message that we as a people take any or all threats on our National Security very seriously. Ethiopia's History is testimony to that. The statement by MOI on Oct. 27, 2007 (<http://www.ena.gov.et/EnglishNews/2007/Oct/27Oct07/41169.htm>) was both appropriate and timely. Hopefully the public statement will raise the level of consciousness among the vast majority of the Ethiopian people.

The time has also come for the Silent Ethiopian-American Majority to march on Capitol Hill, two-hundred-thousand strong, and show our solidarity with the American people at large. We must tell the US Senate that the passage into law of HR 2003 poses a threat to the National Security of the United States of America. The posters to be carried by the Silent Ethiopian-American Majority would bear signs such as: **"HR 2003 is a Threat to US National Security"**; **"We Stand by Senator James Inhofe on HR 2003"**; **"Congressmen Donald Payne and Chris Smith are Wrong on HR 2003"**; **"The Senate Must Kill HR 2003"**; **"HR 2003 Threatens Ethiopia's Ability to Fight Against Terrorists"**; **"Ethiopia is an ALLY of America and Doesn't Deserve HR 2003"**. **"Stop ONLF, OLF, UIC who are Sponsored by al-Qaeda"**; **"The Eritrean Regime Sponsors Terrorists"**; etc.

Bluntly speaking, we cannot allow the Vocal Diaspora misfits to pursue their personal agenda at the expense of the Ethiopian people. We must not allow the CUD/DERG/PFDJ/ONLF/OLF/UIC coalition any breathing space. The enemies of Ethiopia must know that we are watching their every move. I am amazed at the level that they are willing to stoop, in order to reverse the course of history that is in the making in Ethiopia. ***There is no turning back!***
